

# FALL FANDANGO

**PENNSYLVANIA FERRET CLUB & SHELTER**

A BENEFIT FOR THE  
**PENNSYLVANIA FERRET CLUB & SHELTER**  
WITH SOME PROCEEDS ALSO BENEFITTING THE  
**PENNSYLVANIA FERRET RESCUE ASSOCIATION**

**A THREE-RING TITLE-BEARING FERRET SHOW**  
**SANCTIONED BY THE AMERICAN FERRET ASSOCIATION**

**SATURDAY, OCTOBER 3, 2015**  
**GILBERTSVILLE FIRE COMPANY**

1454 EAST PHILADELPHIA AVENUE (ROUTE 73), GILBERTSVILLE, PA 19525

**TITLE-BEARING AND SPECIALTY CLASSES:** Title-bearing classes will be offered for Adolescent, Alter, Breeder, and Companion Pet, and will each have three rings. The following specialty classes will be offered: Adopted With Love, Aging Gracefully, Albino/Dark Eyed White, Black Mitt/Black Roan Mitt, Black Sable, Blaze/Panda/Mutt, Champagne, Chocolate, Green Card, Mitt, Point, Roan, & Sable. See page three for class descriptions. In Ferret Fandango tradition, we will also be offering our fun Señor and Señorita Class and a **BRAND NEW** Virtual Class!

**SANCTIONING:** This show will be conducted in accordance with AFA Show Rules & Standards. Standard score cards will be awarded to all ferrets in all title-bearing classes and will be scored for AFA titles in all title-bearing classes.

**AWARDS & TITLES:** Rosettes will be awarded for first through tenth place in each ring of each title-bearing class. Trophies will be awarded for first place in each ring of each title-bearing class. A Best in Show trophy will be awarded to the ferret with the best average placement in the title bearing rings. A Best in Opposite trophy will be awarded to the ferret who is of the opposite sex as the Best in Show receiving the best average point total for that sex. Rosette ribbons will be awarded to all ferrets entering specialty rings, and a trophy will be awarded for first place in each specialty ring.

**ENTRIES:** Open to all ferrets that are 16 weeks to 6 1/2 years of age on the day of the show. **ALL ENTRIES MUST BE RECEIVED NO LATER THAN Wednesday, September 16, 2015. NO EXCEPTIONS!!** Your entry date is calculated by the postmark if entering via postal mail. Entries may also be submitted using our online form found at [www.ferretclub.com](http://www.ferretclub.com). No entries will be accepted via e-mail or phone.

**ENTRY FEES:** Please see the registration form for a list of entry fees. Show catalogs may be purchased at a cost of \$5 in advance or \$8 the day of the show. Limited quantities will be available for purchase at the show hall; it is recommended that you reserve one in advance. See the registration form for details. Sorry, no refunds on entries. All electronic entries must be paid using PayPal to reserve entry spaces; if you opt to mail a check, please note that your entries are not guaranteed until payment is received!

**ENTRY CONFIRMATION:** Confirmation of entries will be sent via e-mail to all registrants who provide an e-mail address. Those without an email address will be mailed. Confirmations are sent after registration has closed, since changes are accepted through the close date. If you have not received your confirmation by the Monday before the show, please contact the show registrar by sending an e-mail to [registrar@ferretclub.com](mailto:registrar@ferretclub.com) or calling (610) 495-1509.

**CHECK-IN/SHOW TIME:** Exhibitors must check in with the entry clerk between 8:00 AM and 9:30 AM - No one may enter the hall prior to this time. Ferrets not checked in at 10:00 a.m. will be scratched from the show. Early check-in will be available for vendors and judges between 7:30 a.m. and 8:00 a.m. Judging will begin promptly at 10:00 a.m.

**ENTRY REQUIREMENTS:** All ferrets entering the show hall, whether for judging, for sale/adoption, or for any other reason, must meet the following requirements or they will not be permitted in the hall:

- All ferrets must be between sixteen weeks and 6 1/2 years of age on the day of the show.
- This will be a NON-VETTED show, you are responsible for the health of your ferret, so out of consideration for all other attendees and their ferrets, PLEASE DO NOT BRING A SICK FERRET TO THE SHOW. All ferrets must be fully immunized (canine distemper, rabies). Please have rabies and distemper vaccination records for each ferret in attendance in case you are asked to show them. Failure to provide proof of vaccination if asked will result in you and your ferrets leaving the show hall. Distemper titer proof is valid in lieu of vaccination.
- All entries must be free of fungus, fleas, and ear mites. It is advised that all ferrets be bathed and groomed prior to show day.
- All ferrets must have been tested for Aleutian's Disease (ADV) between **October 4, 2014 and the show date** (remember to allow time for test processing and for the results to be mailed to you!) with the Blue Cross CEP Test. **Please see the attached ADV Testing sheet for acceptable proof and instructions on how to have this test performed. You will not be permitted in the show hall without proper documentation of this test. IMPORTANT: The only available ADV test is the CEP (blood) test processed by Blue Cross. Please read our ADV testing sheet for information and be sure to have your test performed in time to receive results before the show. No refunds of show fees will be issued for failure to test for ADV in time.**
- No pregnant or nursing jills or jills in heat will be permitted in the show hall.

**ADV WAIVER:** Per AFA ADV Policy, anyone entering the show with ferrets must, in addition to providing proof of negative ADV test (see above), sign a statement at check-in that states the following:

No ferret that I am bringing with me into the show hall today has ever had a definitive positive test result on the United CEP or Avecon ELISA saliva test (POCT and ELISA blood tests are not acceptable).

If in the past 4 months a ferret from my household (shelter/facility/ferretry) has had a definitive positive test result on the United CEP or Avecon ELISA saliva test (POCT and ELISA blood tests are not acceptable), I understand that all ferrets in the same household (shelter/facility/ferretry) are considered as having been exposed. I also understand that I cannot show or bring any ferrets from said household into the show hall today, regardless of their testing status.

I also understand that just because all of the ferrets in the show hall today have been tested for ADV within the twelve months prior to the show, this is not a guarantee of safety. I understand that the test is only as good as the day it was taken and I still need to practice SAFE FERRET habits at all times.

**AFA BANNED BREEDERS & FERRETS OF UNKNOWN LINEAGE POLICY:** The AFA requires that all shows sanctioned by the AFA recognize and enforce the AFA Banned Breeders & Unknown Lineage Policy. Ferrets of unknown lineage are not permitted to show in the Breeder or Adolescent Title Classes. Any ferret bred by a breeder that is banned from showing by the AFA will be treated the same as a ferret of unknown lineage. Ferrets of unknown lineage and banned breeder ferrets can only show in the Alter title class once they meet the requirements for showing in that class. Ferrets of unknown lineage and banned breeder ferrets will be listed with no breeder prefix, no sire, no dam and no breeder in the show book. Any misrepresentation or omission of data pertaining to the breeder of a ferret or the breeder of a ferret's sire or dam is grounds for the individual(s) responsible for the offense to be banned. Any questions regarding this policy should be directed to the AFA at [afa@ferret.org](mailto:afa@ferret.org) or 1-888-FERRET1.

## HALL RULES:

- No smoking is permitted in the show hall.
- No stud service will be allowed in the show hall. Pregnant or nursing jills or jills in heat are not permitted in the show hall.
- Please do not leave your ferrets unattended for long periods of time. If you need to leave for any reason, please contact a show coordinator to assist you in finding someone to watch your ferrets.
- No other animals are permitted in the show hall.
- Please, DO NOT allow your ferret to walk on the show hall floor, even on a leash. The risk of injury with so much foot traffic is great, and it invites the risk of your ferret picking up illness or communicable disease by walking in the path of other ferrets.
- Ferret pens MUST have some type of flooring beneath them or you will be asked to not use your pen.
- DO NOT leave any animals, ferrets or other, in your vehicle unattended at any time during the show!

**TITLE-BEARING CLASSES:** Date of birth is required for entry in title-bearing classes. If you do not know the exact date, the closest month and year is acceptable. Please record this date for future shows. Handicaps, such as, but not limited to: unilateral or bilateral cryptorchid (in ferrets 12 months or older), missing limbs or other features, tail shorter than 2 inches in length, cataracts, extraneous digits or appendages are NOT allowed in championship rings. Title-bearing rings are limited to 90 ferrets per title class and to 20 ferrets per exhibitor.

**ADOLESCENT TITLE CLASS:** All ferrets 16 weeks to 12 months of age on date of show. Late spay/neuter adolescents will be judged with intact (unneutered) adolescents. Adolescents will not be judged against breeders, adult late alters, or companions.

**ALTER TITLE CLASS:** All ferrets 1 year to 6 1/2 years of age on the date of the show who have either been spayed or neutered later in life (not pet store ferrets). Alters will not be judged against adolescents, breeders, or companions.

**BREEDER TITLE CLASS:** All intact ferrets 1 year to 6 1/2 years of age on the date of the show. Breeders will not be judged against adolescents, late alters, or companions.

**COMPANION TITLE CLASS:** This class is open to all early altered (usually pet store) ferrets (Marshall Farms, Path Valley Farms, etc.) 16 weeks to 6 1/2 years of age on the date of the show. All entrants must be early spay/neuters (before 12 weeks of age). Late altered ferrets are restricted from this class. Companions will not be judged against adolescents, late alters, or breeders.

**SPECIALTY CLASSES:** Any specialty class that has fewer than 5 entries and is not sponsored may be canceled for this show. Classes are limited to 20 entries per class.

**ADOPTED WITH LOVE:** Open to all ferrets that have been adopted from a recognized ferret shelter. Please provide the name of the shelter from whom you adopted the ferret with your entry. Must be spayed or neutered.

**AGING GRACEFULLY:** Open to all ferrets 4—6 1/2 years of age and in good health. Note: a show day is tiring even for a young ferret. Be very selective in your decision to bring a senior. **Bring only seniors who are in the best of health.** Bring a cage cover to make your senior's cage quieter and less stressful. Take **extra** precautions to minimize your senior's contact with other ferrets. Any illness, even colds/flu can be devastating to seniors.

**ALBINO/DARK EYED WHITE:** Open to all ferrets with pure white guard hairs and undercoat and either red or black eyes.

**BLACK MITT/BLACK ROAN MITT:** Open to all ferrets whose guard hairs are black with dark eyes and well defined mitts on all four feet. Light silvers should be entered in Dark-Eyed White; medium silvers in Roan. Guard hair color should be black and should be 60-100% in concentration. Roaning (white guard hairs) should be 0-40% in concentration.

**BLACK SABLE:** Open to all ferrets with nearly black to brown/black guard hairs. Overall very dark black/brown color. Sables with more of a golden tone should be entered in the sable class.

**BLAZE/PANDA/MUTT:** Open to all ferrets whose pattern includes mitts/stockings, bib, and an all-white head and neck (blaze) OR who have mitts/white toes, bib, and a "blaze" – white stripe—on the head (blaze) OR ferrets who do not conform to a standard color or pattern and generally have multiple colors, spots, and/or patterns (mutt).

**CHAMPAGNE:** Open to all ferrets with cinnamon or champagne colored guard hairs.

**CHOCOLATE:** Open to all ferrets with chocolate-brown guard hairs.

**GREEN CARD:** The Green Card specialty ring is open to all breeder (intact OR late-alter) ferrets with at least 1/4 foreign bloodlines.

**MITT:** Open to all ferrets with mitts (white feet with a contrasting leg color.) Evenness of color of mitts side-to-side and front-to-back contribute to the score.

**POINT:** Open to all ferrets whose points (legs and tail) are dark and body is light. Must have a V-shaped mask to almost no mask (eye markings only).

**ROAN:** Open to all ferrets whose guard hairs are black/sable/chocolate/champagne with roaning (silver) and dark eyes. This includes medium patterned silvers.

**SABLE:** Open to all ferrets with warm, deep brown guard hairs, white to cream to light golden undercoat, brown to black eyes, and a light brown, speckled, or outlined nose.

**SEÑOR & SEÑORITA (KING & QUEEN) OF SHOW:** This special ring is a Ferret Fandango tradition. This is a fun class and basically takes all of the "traditional" rules of judging and throws them out the window. This class is very subjective and no two judges could ever judge it the same way. This class is judged on coat condition, visual appearance and "cuteness factor" only. Handicaps or body conformation do not matter. The judge is looking for the most captivating ferret. This class is meant to be a **fun class** similar to a beauty contest. There will be awarded one winner per sex and one runner-up per sex only. All other entrants will receive participation ribbons. The winners will be crowned "Señor & Señorita Fandango".

**VIRTUAL: NEW!** Open to any ferret, living or not. Ribbons will be awarded (and mailed if not present) with first place getting a bed from "Beds by Shelly (and Mom!)" as a trophy. Judging will be done by the public. Photos will need to be emailed to registrar@ferretclub.com by September 16. Votes will be made via a special Facebook post until October 2 and in person the day of the show.

**“SPONSOR A SHELTER FERRET” CLASS ENTRY: NEW!** Help give shelter ferrets a fun day of showing AND exposure that could help them find a forever home! Just choose to sponsor a ferret’s show entry on the registration form, and shelter ferrets will be selected to attend the show, have a fun day, and maybe even melt someone’s heart enough to find a forever home.

**COLOR CHECK:** Entry in specialty rings is primarily based upon ferret color in most classes. Exhibitors may opt to bring ferrets of questionable color/pattern to the color/pattern seminar the morning of the show to ensure that you have entered your ferrets in the correct class(es). If deemed necessary, you may switch your ferret from one ring to another at this time **provided space is available**. No ring changes will be permitted after the color check has closed.

#### PREPARING YOUR FERRET:

- Exhibitors must provide clean, roomy cages or carriers, bedding, litter pans, litter, fresh food, and water for ferrets. Please, no straw or wood chips. Cage covers are recommended.
- Nails must be trimmed on all four paws; ears and teeth should be clean; and ferrets must be free of para-sites. Maintenance of your ferret will be very important in determining your ferret’s score.
- Owners will be asked to remove any ferret from the show hall that appears to be ill.

**SHOW EVENTS:** In addition to the judging that will be taking place, other attractions will be featured at the show:

- **Vendors! Vendors! Vendors!** There will be many vendors in attendance selling all kinds of ferret wares, from cages to bedding, toys to tee shirts. Please be sure to stop by these vendors; many of the proceeds benefit ferret shelters from all over!
- **Chinese Auction:** We strive to have the biggest & best raffle of any ferret show! Tons of great stuff for ferrets and their owners to win! All proceeds from the raffle benefit our shelter ferrets, so have fun and feel good about participating!
- **Ferret Photographer:** Create a keepsake for life! Have your ferrets photographed by our professional ferret photographer in a variety of settings and poses.

**VENDORS:** Set-up time on **Friday, October 2** will be available between the hours of **6:00 p.m and 8:00 p.m** for vendors. Saturday set-up will be available for all vendors starting at 7:30 a.m.

#### IMPORTANT HEALTH NOTES:

**A Word About Infectious Diseases:** There is always the risk of exposure to infectious diseases and illnesses, including, but not limited to, ECE, Aleutian’s Disease, influenza, etc., when multiple ferrets are brought into social gatherings such as a show. It is recommended that you allow minimal handling of your pet and minimal exposure to other pets at the show.

**Ferret Bites, Nips, and Scratches:** Please be aware that it is highly unlikely that any ferret at the show is a carrier of rabies. However, if your ferret bites, nips, or scratches someone, he or she may be required to endure a ten-day quarantine period per the current AVMA guidelines. Please be extremely careful in allowing others to handle your ferrets, at the show or otherwise. For the safety of your ferret, it is unwise to allow anyone who you do not know, other than a judge, to handle your ferret and it is strongly discouraged.

**LIABILITY:** The Pennsylvania Ferret Club & Shelter will not be held responsible for any sickness or injury to any exhibitor, spectator, vendor, or ferret, or to any damage or loss of equipment or personal property. Any incident related to the ferrets are the owner’s responsibility. The Pennsylvania Ferret Club & Shelter reserves the right to refuse entry or to expel any individual, vendor, shelter, club, or ferret.

## **ALEUTIAN'S DISEASE TESTING INFORMATION**

### **ABOUT ADV**

Aleutian Mink Disease Virus, or ADV, is a parvovirus that infects mink, ferrets, raccoons, skunks, and possibly other members of the Mustelidae family. ADV is a very hardy virus and can live outside the body of a host for a long period of time. It is believed that there are multiple strains of ADV that can affect ferrets. Like different strains of the flu in humans, some strains of ADV may be more contagious and more deadly.

The greatest danger of ADV is that an animal can have the disease and be spreading it without showing any symptoms. At this time, it is unknown what the incubation period is (how long after exposure before symptoms develop) or what the shedding period is (when the infected animal can spread the disease). ADV can be either active (symptoms are apparent) or non-active (the animal tests positive for ADV, but appears clinically healthy). ADV is passed via saliva, feces, urine, and in the placenta. Some studies have indicated that the virus may also be airborne. The most likely means of spread is by contact with contaminated surfaces.

In ferrets, the symptoms of ADV can mimic many other ailments, including a chronic progressive wasting, progressive hind end paralysis, muscle wasting, tremors, urinary incontinence, lethargy, pallor, enlarged spleen, tarry feces, and death. Active ADV causes massive dysfunction of the immune system, with the accumulation of plasma cells in the various organs, and the presence of massive amounts of antibodies in the bloodstream, which cause vascular degeneration and inhibit clotting. Over time these changes will become more serious, and usually begin to affect the function of the liver and kidneys. Most ferrets with active ADV die of liver or kidney failure at the end of the disease.

There are still currently more questions about this disease than there are answers. There is no known cure for ADV, nor is there currently a vaccine against the disease. The Pennsylvania Ferret Club & Shelter believes that until more is known about this disease, the only responsible thing that we can do when inviting hundreds of ferret owners and their ferrets to our events is to require that all ferrets in attendance have been tested for this disease.

### **TESTING**

Testing is very easy to do and is not expensive. For admittance to Ferret Fandango, your ferret must have proof of negative ADV test dated between **October 4, 2014 and the day of the show (but since proof must be signed by the testing agent and mailed to you, be sure you allow processing and postal mail time. We recommend you mail your samples for testing at least two weeks in advance of the show to ensure you will receive your signed test results in time for the show. You will NOT be allowed in the show hall without proof of negative test.)** The only acceptable forms of proof of testing are listed below. Please note that testing through your veterinarian will generally not provide you with the proof of testing that we require; if you intend to test through your vet instead of at home, please share these instructions with your vet.

**Avecon ELISA Test:** As of September 15, 2013, Avecon is no longer providing ELISA testing.

**Blue Cross CEP Test:** The CEP test is a blood test. Like the Avecon test, you can obtain the sample yourself without having to see a veterinarian, or if you feel more comfortable, you can have the blood drawn by your vet. (Please note: if you have your vet draw the blood for you, you should still send the sample to Blue Cross yourself. If your vet submits the sample, you may not be able to obtain the original lab result certificate from your vet, AND, vets tend to charge much more than you will pay if you send the sample in.) if you have questions or need assistance with ADV testing please contact us. Be sure to leave ample time for testing and mailing of results. **You must bring the original results from Blue Cross to the show for admittance; photocopies and faxes are not acceptable!**

It should be noted that no ADV test can predict whether or not your ferret will actually become sick with ADV or if it will even spread the disease. Testing only shows the presence of antibodies to ADV, which indicates only exposure to the disease. In fact, studies have shown that only a small percentage of ferrets that have tested positive for ADV will actually become clinically sick from the disease.

A few ways to help keep your ferret safe from ADV: Do not turn your ferrets loose around the other ferrets you do not know are negative for ADV. Do not allow strangers to handle your ferrets, and do not handle stranger's ferrets. When attending ferret shows or frolics with your ferrets, make sure the organizers are following sensible sanitation procedures. When getting a new ferret, find out if it has been tested for ADV. By taking a few precautions, you keep your ferret safe, happy, and healthy.

## SPONSORSHIP & ADVERTISING INFORMATION

### SHOW SPONSORSHIP

To help defray the high costs of hosting Ferret Fandango, and thus maximizing the proceeds that we are able to pass on to running our ferret shelter, we are seeking individuals and corporations interested in sponsoring our show. Levels of sponsorship and the benefits of each level are outlined below:

If you are interested in sponsorship, please complete and return our enclosed Sponsorship & Advertising Form by **September 12, 2015**. For more information, contact the Pennsylvania Ferret Club & Shelter at (610) 495-1509.

TYPE OF SPONSORSHIP	SPONSORSHIP DONATION LEVEL	BENEFIT TO DONOR
PLATINUM Sponsorship	\$500 & Above	Prominent advertising of your business at the show, including banner and show book cover advertisement; full page advertisement on the show book inside cover; distribution of company literature/ advertisements to show attendees; free vendor space at show for company display; additional benefits determined on donation level & company preference.
GOLD Sponsorship	\$300-\$500	Full page advertisement in the show book; distribution of company literature to show attendees; additional benefits determined on donation level and company preference.
Title Class Ring Sponsorship (4)	\$300	Full 2 page advertisement in show book on first page of sponsored class section; your choice of wording printed on awards in sponsored class.
Specialty Ring Sponsorship (14)	\$60	Full page advertisement in show book on first page of sponsored class section; your choice of wording printed on all ribbons in sponsored class.

#### Advertisement Submission:

Advertisements may be sent laid out or you may request that we lay out your ad for you. Artwork and photos should be copy-ready. Please email your high-resolution file(s), questions, or requests for more information to [sharon@ferretclub.com](mailto:sharon@ferretclub.com). Advertisements may be mailed to: PFCS, PO Box 5074, Limerick, PA 19468. to be returned such as original photos. Thank you!

### RAFFLE DONATIONS

The Pennsylvania Ferret Club & Shelter will be holding a Chinese Auction-style raffle at Ferret Fandango. This is the single largest fundraiser that will be held the day of the show and can bring in a substantial portion of the proceeds that will go towards our shelter ferrets. **Please consider making a donation to this raffle.** We will accept any new item for donation, but prefer ferret-related items of any kind. Raffle items will be accepted anytime up until the day of the show. Please mail all raffle donations to: Shelly McAllister, 41 Hoffman Ave, Coatesville, PA 19320. *Please do not send any raffle donations to the Club address.*
